

RIGID CAT® TQ CASE COVER

Helps Protect Your C-A-T® Tourniquet from the Elements...

The C-A-T® RIGID TQ Case Cover is an optional accessory for your C-A-T® RIGID TQ Case. The Case Cover completely covers your tourniquet to protect it from the elements and provides a clean, uniform look.

The cover integrates with the existing hardware on your C-A-T® RIGID's mounting hardware and includes a snap that utilizes an existing hole on the front of the case. When deployed, the cover "breaks apart" so there is no snagging on your tourniquet.
