Weight:	14 g

The Klever Kutter brings ease of use and safety to emergency tools. Instead of a bulky set of EMT shears, the Klever Kutter makes it easy to cut away clothing, cut off tape and bandages, or cut loose seat belts.

Designed for one-handed use, the thin design means it fits in any kit or pocket easily. The dual blades means the cutting edge is ready to use no matter how the product is picked up by the user. Perfect as a disposable knife to go into any trauma kit.
