

Schiller, AED Fred Easy port

SPECIFICATIONS:

Manufacturer: SCHILLER AMERICAS INC.
Certificates: N/A

Size: 33 x 126 x 35 mm

Country of origin: USA

Quantity: 1

Weight: 490 grams (incl. batteries)

FRED easyport is an incredibly small and light pocket defibrillator, equipped with the effective and myocardium-saving defibrillation impulse called Multipulse Biowave.

FRED easyport is the ideal companion for physicians, public service staff, even for risk patients and their family members, or other persons trained in early defibrillation. This dramatically reduces the response time to treat ventricular fibrillation and tachycardias, giving victims a much better chance of survival.

- Ultra light – only 490 grams (incl. batteries)
- Ultra small – 133 x 126 x 35 mm (l x w x h)
- High-resolution LCD
- Biphasic pulsed defibrillation impulse (Multipulse Biowave)
- Configurable adult and paediatric energy settings according to standard values
- Automatic switch to paediatric energy level when paediatric electrodes are connected
