Size:	20 x 15 cm
Color:	White
Country of origin:	UK
NSN no:	6510-99-490-5137
Tariff:	30051000
Weight:	20,5g

The Russell Chest Seal™ is a hydrogel-based dressing with an integral low-profile valve. Its purpose is to cover penetrating chest wounds to allow air to escape from the pleural cavity without being drawn back in.

The aim is to minimise lung collapse associated with this injury and to facilitate lung re-inflation.
