Country of origin:	Czech Republic
NSN no:	6510-01-657-5085
Tariff:	30059099
Weight:	56g

Designed to be H&H's smallest and thinnest trauma compression bandage, the H&H Mini Compression Bandage provides the same emergency trauma capabilities as the Thin H bandage in a smaller, more versatile package.

Manufactured with a 10 x 15cm ABD pad, it's vacuum sealed and flat folded to be small enough to fit in a shirt vest or pant pocket.

With the 121cm foot proprietary elastic strap the Mini Compression Bandage is strong enough to provide compression to wounds on any location.
