Country of origin:	China
NSN no:	N/A
Tariff:	30059099
Weight:	230 g

The NeXsplint is the foldable compact/tactical version of the XCollar Cervical Spinal Splinting System.

It requires 40% less storage space than conventional c-collars and is the preferred alternative for vehicle extrication, tactical medicine, confined space, over the side, mountain, and urban rescues.

Foldable, compact design reduces storage size by 40% - ideal for military, survival, and tactical rescue personnel backpacks.
