Size:	10 x 3,6 cm
Color:	Transparent
Country of origin:	Israel
NSN no:	N/A
Tariff:	90189084
Weight:	5,5 g

Dynarex DynaLube Sterile Lubricating Jelly is intended for medical purposes to lubricate body orifices and facilitate entry of diagnostic or therapeutic devices.

It provides lubrication for hinged instruments and therefore facilitates smooth articulation of delicate instruments and sliding surfaces. It also enhances and protects the internal parts of the hand piece and eliminates spotting and streaking, ensuring water sheets off instruments, leaving them dry.
