

# MEQU Starter Kit

Power Pack, Charger & box of 5 M Warmers

Item No:	CL-328
Manufacturer:	MEQU
Certificates:	CE
Single use	
Warmer Size:	10 x 5 x 2 cm
Color:	Black
Country of origin:	Denmark
NSN no:	6515-22-631-5316
Tariff:	90189050
Package Weight:	2,200 g
M-Warmer System:	760 g

MEQU has developed an IV-blood warmer for emergency transfusions. It's a portable fluid warmer which warms up blood from cold to body temperature within seconds.

The set-up time is less than 30 seconds, and the user-friendly design ensures that the °M Warmer System cannot be assembled incorrectly.

Blood and other infusion fluids can be heated from 5°C to 37°C at flowrates up to 150 ml/min. One charged battery can heat up to 2 liters of cold fluids (5°C) or 4 liters of fluids at room temperature (21°C) to body temperature.
