Size:	182 x 40 x 2.8 cm
Load Capacity:	204 kg
Color:	Black
Country of origin:	USA
NSN no:	N/A
Tariff:	94029000
Weight:	6.3 kg

The NAR Spine Board II is a thin and light-weight long spine board that has a 1,100 pay load and 250 pound float capacity. Its' oversized hand-holds and rapid-attachment pins allow for securing the patient to the board with speed clip buckles, webbing and other nylon strapping systems.

It has a tapered design and molded-in runners that help facilitate extrication, logrolling and easy lifting.

The NAR Spine Board II also has four interior slots that can be used for pediatric strapping options and separate leg strapping.
