LESS® Emergency Rescue Unit is a trailer solution for mass casualty incidents and large evacuations. It is rigged with equipment to establish a casualty clearing station rapidly.

It is designed and equipped with efficiency and LEAN principles in mind, enabling best possible performance by rescue personnel. Focused on light weight materials and time saving solutions.

Typical content for fast rigging of a Casualty Clearing Station:

- 6 x Stretcher Rolling Kits (4 Stretchers, 4 Thermal Bags & Hoods, 2 Carrying Harness)
- 6 x Stretcher Stands
- 1 x Rapid Rescue Tent, 36m²
- 1 x Heater, 32 kW

Other relevant equipment based on a Risk Analysis and specific requirements.
