Country of origin:	DE
NSN no:	N/A
Tariff:	39191080
Weight:	30 g
Dimensions:	2.5 cm x 5 m
Shelf life:	N/A

Leukosilk is a white artificial silk fixation tape that molds to the body. The tape is hyperallergenic and the artificial silk content makes the fixing tape suitable for use on sensitive skin.

The tape is easy to remove and can be torn over several conductors. The breathable tape is made with a skin-friendly acrylic adhesive and comes in a bacteria-repellent package.
